William M. Thomas, Jr. (Of Counsel)

Telephone (516) 502-2620

Telecopier (516) 465-9350

Directions to Thomas & Graham (please note GPS applications to a pretty good job of getting to our office, though often with several turns not mentioned below that help avoid traffic - Note, GPS may say we are in University Gardens rather than Great Neck):

From Eastern Long Island(Westbound):

Long Island Expressway to Exit 33 (Community Drive/Lakeville Road). Make a right on Lakeville Road (2nd intersection after exit) to Northern Boulevard (Rt 25A). Make a left onto Northern. Go past Peter Luger's Steakhouse to Great Neck Road and make a right. At the second light, there are 5 roads the intersect. Make the slight left on to Watermill Lane. Our building is on the right a short way up the road across the street from a lot of cars. There is a parking lot and street parking is normally available. Three of the spots are "double". If you need to park in one of these please leave your cell phone number on a slip of paper under the windshield wiper of the car in front.

From NYC or Queens(Eastbound):

Long Island Expressway to exit 32 (Little Neck Parkway). Make a right on Little Neck Parkway and take to Northern Boulevard (Rt 25A). Make a right onto Northern and go to the large intersection at Great Neck Road. Make a left. At the second light, there are 5 roads the intersect. Make the slight left on to Watermill Lane. Our building is on the right a short way up the road across the street from a lot of cars. There is a parking lot and street parking is normally available. Three of the spots are "double". If you need to park in one of these please leave your cell phone number on a slip of paper under the windshield wiper of the car in front..

By Train from NYC:

Take LIRR Port Washington Line to Little Neck or Great Neck Station. You should be able to find a cab at Great Neck station or call an Uber/Lyft.

Once in Building:

Enter first set of doors. Second set will be most likely locked. Currently the automated system to call us is down. You will need to call us on your cell. Call 516-502-2620 x561 (John) or x565 (Bill) or call cell at 516-398-3744 and we will come to let you in.
